Venue: Hampton Inn Charlotte-Belmont \$69 special rate, nightly
820 Cecilia Alexander Drive, Belmont, NC 28012 - Phone: 704-825-6100

Japanese Cosmo Lifting is a neuro-sensitive procedure manually performed on the face, with natural and organic products. A non-surgical alternative to a facelift, this procedure stimulates 21 traditional acupuncture points and the facial tissue to help with cell regeneration.

This method is founded on the concept of Traditional Chinese medicine which describes the body as a network of channels where the harmonious flow of energy provides health and beauty. As one ages, these energy channels can become blocked. Wrinkles, fine lines, sagging skin, and sun damage become more apparent; often making the face look older.

By stimulating the points and zones of the face in combination with a methodology of lifting and lymphatic stimulation, Japanese Cosmo Lifting tones the muscles of the face, minimizes fine lines and wrinkles, and leaves the face skin looking fresh and luminous. Japanese Cosmo Lifting is one of the best, non-invasive ways to rejuvenate your face and look years younger – naturally!!

Registration must be received no later than March 15th, 2012
